

# REELTIME ANIMAL RESCUE'S COMPASSION EDUCATION: CONNECT & INSPIRE PRESENTER

## RON HALEY - HOPS-A-LOT

Hi, I'm Ron Haley, Founder of Hops-A-Lot Rabbit Rescue. Our mission is to protect domestic rabbits by addressing the root causes of their suffering—preventing the release, sale, and irresponsible breeding of these often misunderstood animals. By focusing on education and prevention, we aim to reduce the unwanted rabbit populations and put an end to the cycle of cruelty, abandonment, and neglect.

At Hops-A-Lot, we believe that education is the key to creating lasting change. That's why we're proud to participate in ReelTime Animal Rescue's Compassion Education program, allowing us to share our message with classrooms around the globe. Through this virtual platform, we teach students about the unique needs of domestic rabbits, the consequences of irresponsible breeding and ownership, and how they can make compassionate choices to protect these gentle creatures.

Thank you for joining us in our mission to create a safer, kinder world for rabbits everywhere. Together, we can be the change they need.
